CREMATION OPTIONS

Understanding the Difference

COMPASSIONATE CHOICES. MEANINGFUL GOODBYES.

At Glory Bound Pet Cremation & Memorials, we offer several cremation options to honor your beloved pet with the respect and care they deserve. Understanding the differences can help you choose the service that feels right for you and your family.

PRIVATE CREMATION

Your pet is cremated alone.

Your pet is the only animal in the cremation chamber. You will receive all the cremated remains back in an urn of your choice.

COMMUNAL CREMATION

Your pet is cremated with other pets.

Your pet is cremated with other pets, and the cremated remains are not returned. This option is chosen by families who prefer not to keep the ashes.

FAMILY CREMATION

Your pet is cremated with other pets from your family.

Multiple pets from the same family are cremated together. You will receive all the cremated remains back in an urn of your choice.

WITNESS CREMATION

You are present during the cremation process.

You are invited to be present for your pet's cremation. This option is available with private or family cremations by appointment.

We are here to help you every step of the way.

Please reach out if you have any questions or need guidance in making the best choice for your family.
